

DATES AND LOCATIONS OF UPCOMING TRAINING 2026

A big change for 2026 : You can now choose to follow your session by videoconference or face-to-face for all modules (except Transpersonnel).

MOSAIC training courses are in a hybrid format. Your trainer(s) will be simultaneously available on video (Zoom link) and face-to-face in Miramas.

E-Learning accounts for 50% of training time (except for supervision and Transpersonal).

E-Learning (LearnyBox) is available 1 month before the face-to-face/visio date (Zoom) and up to 2 months after the end of the course.

It must be completed in full before the face-to-face/visio dates.

***All specialisation modules require completion of the reference MOSAIC therapy module and one day's supervision.**

Supervisions can be carried out in half-day sessions.

If a session is not complete, Thérapie MOSAIC reserves the right to cancel or postpone the session.

Only the MOSAIC Transpersonal therapy module can be taken independently. This course is open to all (no pre-requisites).

Dates can be added by videoconference or in other cities, on request, if a group of at least 16 people is formed.
